Education

Sindhi College (Bengaluru City University) , Bengaluru.

BCA

Aug 2022-July 2025

CGPA: 8.73

Divine Public School (CBSE), Gangpacho, Barkatha, Jharkhand.

Pre-University Education

March 2020-July 2022

Percentage:66.00

Divine Public School (CBSE), Gangpacho, Barkatha, Jharkhand.

Secondary School.

March 2020

Percentage:74.00

Internship

Agentic Java Full-Stack Web Developer Intern | Tap Academy | BTM Layout, Bengaluru

July 2025-Present

- Developed and deployed full-stack web applications called EpicureExpress – a food delivery web app using Java, Spring Boot, HTML5, CSS, JavaScript, and React.js.
- Integrated MySQL databases and RESTful APIs for efficient data handling and server-client communication.
- Collaborated with designers, product managers, and developers in an agile environment to enhance project and overall platform functionality.
- Designed responsive layouts for better accessibility and user experience on all screen sizes.

Projects

EpicureExpress – Food Delivery Web Application (Full Stack) | Eclipse IDE

Ongoing

- **Tech Stack:** JSP, Servlets, JDBC, DAO Design Pattern, Java (JEE), MySQL, HTML, CSS, JavaScript, Eclipse IDE, Apache Tomcat
- Developing **EpicureExpress**, a **full-stack food delivery web application** using **JSP and Servlets (JEE)** for server-side processing.
- Implemented **MVC architecture**, separating presentation (JSP), controller logic (Servlets), and data access (DAO).
- Designed and implemented the **DAO Design Pattern** to handle database operations cleanly and efficiently.
- Used **JDBC** for secure interaction with **MySQL database**, implementing CRUD operations for users, restaurants, menus, carts, and orders.
- Configured and deployed the application on **Apache Tomcat Server**.

Personal Portfolio Website| Front-end, Antigravity IDE

Sep 2025

- Designed and developed a **fully responsive personal portfolio website** using **React.js** to showcase projects, skills, and professional experience. Implemented smooth navigation and interactive components for a better user experience.
- Implemented **component-based architecture** with reusable and modular React components for better scalability and maintainability.
- Optimized website for **cross-browser compatibility and mobile responsiveness** using modern CSS techniques.

CareerLytics – AI-Powered Career Growth Platform| Java Full-Stack Live

July 2025

- **Tech Stack:** React, CSS, Framer Motion, Icons, Java Spring Boot, MySQL, JWT Authentication
- Developed a **career path recommendation engine** with skill-gap analysis and course suggestions to help users upskill strategically.
- Integrated **job recommendation features**, showing personalized job matches, salary trends, and market demand insights.
- Developed secure **backend APIs** using Spring Boot, with JWT-based authentication and MySQL for data persistence.

Technical Skills

Languages: Java, JavaScript, C, C++, SQL.

Front-end: HTML5, CSS, JavaScript, React.

Back-end: Java, JDBC, JSP, JEE, Servlet.

Developer Tools: Eclipse, MS-Word, MS-Excel, VS Code, Cursor IDE, Antigravity IDE, Generative AI, Agentic Tools

Soft Skills: Time Management, Communication, Leadership, Problem Solving.

Database: MySQL, Oracle.

Course Work

Core Java & Object-Oriented Programming (**OOPS**), JDBC, JSP, JEE, Servlet, Apache Tomcat, Database Management Systems (DBMS), Web Technologies (HTML, CSS, JavaScript, React) and Operating Systems. Worked with AI models.

Software Engineering: Gained knowledge of the Software Development Life Cycle (SDLC), including requirement analysis, design, development, deployment, and maintenance.

Certification

Java Full Stack Software Course from Tap Academy. (Ongoing)

Certificate for Completion of HTML/CSS by Great Learning Tutorial.

Certification Data Analyst | One Roadmap Skill Certification
